

International Conference

"Education 4.0: Artificial Intelligence, Cybersecurity and Digital Future with Erasmus+"

The Human Resource Development Center (HRDC) is organizing a conference "Education 4.0: Artificial Intelligence, Cybersecurity and Digital Future with Erasmus+", which will be held on April 24, 2025 (Thursday) at 10:00 a.m. at the Inter Expo Center, Sofia, 147 Tsarigradsko Shose Blvd. The event will be accompanied by the "Skills Panorama" initiative. The forum will bring together leading experts, representatives of educational institutions, the technology sector and Erasmus+ National Agencies, to discuss the future of education in the context of digitalization and artificial intelligence.

The main goal of the conference is to provide a platform for the exchange of ideas and good practices regarding the integration of new technologies in the learning process, the challenges of digital transformation, the security of learning platforms and the opportunities that artificial intelligence offers for modernizing education.

Key highlights will include:

- Digitalization in Education – How schools and universities can integrate technologies into the learning process and how to enhance the supportive role of the Erasmus+ Program?
- Artificial Intelligence in the Classroom – How is AI transforming teaching and learning and what might be the role of the Erasmus+ projects in this process?
- Cybersecurity in Education – How to Protect Learning Platforms and Students' Personal Data?
- Professions of the Future – How the Erasmus+ and ESC projects support education and training in today's digital world.
